<p><b>NOTE TAKING</b> is a critical skill developed by all IB students. Depending on your subject, your teacher may prefer/allow you to take digital or (exercise) book notes. Your teacher will discuss note taking with you at the start of the year.</p> <p style="text-align: center;"><u><b>For the first few days of school, please bring along one general notebook until your teachers have discussed the nature of note taking in their specific subject.</b></u></p> <p>After listening to your IB teachers, some students will opt to have a 5 subject exercise book and others, a single exercise book such as an A4 Notebook 96pg for each subject. Other IB students may prefer to take digital notes on their laptops. Some subjects require a combination of both exercise notebooks and digital. We have found that it is better to be guided by your teacher first, <b>then</b> strategise as to how you will take notes.</p> <p><b>IMPORTANT</b> - If an exercise book is specifically listed below this is non-negotiable and will be required for that subject. You should have these resources prepared for your first day of IB classes.</p>
