

CDSHS Extra Curricula Sport Selection Criteria

"Honour the Gift"

- **Attitude** – towards team mates, coaching staff and teaching staff at CDSHS. Are you a positive influence on others, or does your attitude negatively affect other people? For example, do you encourage and support your team mates, and accept the umpire's decision? Do you offer to help set up and pack up around training and games?
- **Attendance** – at school and at training. Do you notify staff when you can't attend scheduled training sessions? Does your school attendance data satisfy school expectations? Will your absenteeism due to these sporting commitments jeopardise your outcomes in that subject?
- **Assessment** – are you up to date with all assessment, homework and classwork for every subject? Are you committed to improving your results for your subjects? Will these extra-curricular commitments push you further behind in your assessment or classwork?
- **Appreciation** – do you acknowledge and thank staff after each training session / each event/competition? Do you acknowledge the time and effort that your support network invests in you? Do you appreciate the opportunities that CDSHS provides for you?
- **Ability** – does your level of skill meet the requirements for selection into this team?
