

Year 10 Non-Participants List

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom. The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.

Should you choose not to be in the Student Resource Scheme you will be required to provide your students with the following resources for each subject.

Year 10 - Textbooks and Equipment

Accounting

Accounting - An Introductory Framework Units 1-2 4th Edition (Stanley, Ryan) \$87.95

Agricultural Practices

Dark Emu in the Classroom \$24.99

Education Perfect \$30.00
